## What makes Core Value different?

Core Value’s reference-based pricing model helps keep your health coverage costs under control. With hundreds of plan design options, you can build a plan that fits your group’s needs.

### Member Advocacy Program

The Member Advocacy Program works to keep your employees informed and represented when unexpected billing occurs. The team will help your employees understand their benefits, find providers, and understand their Explanation of Benefits (EOB) documents.

### Money back in your pocket

At the end of a low-claims year, depending on your plan selection, a portion or all of the unused claims account may be refunded, boosting your savings.

### Enhanced plan features

Reducing your overall health care expenses is what we strive for. We include Teladoc® services and an optional wellness program from Vitality®, so you can keep your members healthy and productive.

Core Value Access with the Prime Health Physicians Only Network is available in: Dallas, TX, Indiana, and Wyoming.
