

Select Path

A nationwide network plan doesn't have to break the budget.

Select Path is a level-funded nationwide network plan that uses an innovative provider search and scheduling tool, Smart Match Scheduler. The tool is powered by Amino and guides members to choose low-cost, high-quality providers within the network.

Select Path requires members to search for providers and schedule most preplanned services through the Smart Match Scheduler. That way, members can take control and make informed decisions on their health care. If members do not select a provider and schedule services through the Smart Match Scheduler they will incur a penalty.

Select Path provides what you and your members want in a benefit plan without breaking the bank.

- **Access** to care from providers in the Aetna Signature Administrators® PPO network.

- **Savings** for your members and your health care costs without sacrificing quality.
